AUTHORIZATION & RELEASE

To the best of my knowledge, the questions on this form have been accurately answered. I am the parent or legal guardian of this patient, and have the legal right to authorize medical and dental care on their behalf. I understand that providing incorrect information can be dangerous to my child's health. It is my responsibility to inform the dental office of any changes in my child's medical status and information. I authorize the dentist and dental staff to perform the necessary dental services my child may need. I authorize the use of radiographs and photographs for the purpose of teaching and scientific publications. I authorize the dentist to release any information, including the diagnosis and records of treatment or examination rendered to my child during the period of such care, to third party payers and/or other health practitioners. I request that my insurance company pay directly to the dentist. I understand that my insurance carrier may pay less than the actual bill for services; therefore, I agree to be responsible for payment of all services rendered on my child's behalf.
